

# BENTON COUNTY

STATE OF ARKANSAS

ROAD DEPARTMENT

Re: Wolfe Boat Works

1. The 24' swinging gate and the hard surface drive do not line up well for a vehicle pulling a long boat to be 90 degrees to Stoner Ln. for driver visibility.
2. Road department can install a sign between the proposed drive and Hwy. 12 that says "Caution- hidden drive on right" to give notice to drivers traveling South.
3. Recommend limited use for this drive. Not a public entrance/exit.
4. Owner of parcels to the North to file access easement giving access onto their property.
